The Dean's Program

Getting into college has become an extremely stressful and competitive experience for student and family alike. Not any more! College & Retirement Solutions is proud to be able to help.

College & Retirement Solutions has been helping parents assist their children navigate the college admissions and financial aid process for more than a decade! By offering assistance and support in all aspects of the financial aid application process, our program helps parents maintain their focus, productivity and minimize stress!

As a part of The **Dean's Program** you will receive:

Using our unique methodology, we have created a powerful and vital resource that is a web-based college admissions platform that offers tools, provides insightful, anecdotal and "up to date" information on how the admissions system works. The **Dean's Program** will keep you ahead of the curve by combining the need for reminders, counseling sessions and instruction, aiding the student and parent to pull together all of the pieces of the admissions process together for a successful admissions outcome.

The **Dean's Program** will allow you to keep on top of you child's progress, stay informed about the latest college admissions news and feel confident that your child has a plan in place to help them through the entire college process. You can send them reminder notes or thoughts, ideas and other helpful things to assist them along the way. We can even offer your family the opportunity to have a certified college planning specialist oversee student activity (available as a different service packages—*contact us* to discuss options). This admissions/guidance program is useful and timely for **all** students in High School.

Not just for the Junior or Senior HS Student!

In the **Dean's Program** you also are provided with:

- Completion of the Free Application for Federal Student Aid (FAFSA) and (if applicable) the CSS/Profile. (**Please note that this does not include school specific, IDOC form, [registration and school charges are not included])
- Secure client website
